

LETTER OF COMPLETION

TO WHOM IT MAY CONCERN

3rd September 2026

This letter is to formally certify that Sayed Ali, a capstone student participating through General Assembly, successfully completed the two-week academic capstone project with Hyperplane Innovation W.L.L. from August 18th, 2026, to September 1st, 2026.

During this intensive sprint, the student team collaborated closely with our engineering and operations team on the Bahraini Dialect Speech-To-Text AI Project. The scope of the engagement encompassed:

- **Data Engineering:** Sourcing, cleaning, formatting, and preprocessing local audio datasets to build robust training pipelines.
- **Model Fine-Tuning:** Selecting and adapting baseline Speech-to-Text models to improve localised recognition and transcription accuracy for Bahraini dialects.
- **Demonstration Interface:** Developing a functional interface to test and demonstrate real-time audio transcription capabilities.
- **Professional Collaboration:** Participating in technical syncs and milestone presentations and successfully delivering the final project showcase at the Bahrain Institute of Banking and Finance (BIBF).

Throughout the project, Syed demonstrated professionalism, technical dedication, and strong collaboration skills while adhering to the data governance and confidentiality standards of Hyperplane Innovation.

We wish them the absolute best in their future endeavours in artificial intelligence and software engineering. Please feel free to contact us should you require any further verification.

Sincerely,

Kartini Karunanithi

Co-Founder and Chief Operating Officer
Hyperplane Innovation W.L.L
